South African Schools Cycling, as the controlling body of schools cycling, acknowledges that it and its member's activities have an impact on the environment and will endeavour to minimise this impact.

The Body strives to create a safe and sustainable environment for cyclists and the public alike. We are committed to leave all venues and courses used in a clean and tidy condition and free of any litter. Riders will not discard any water bottles or supplement sachets in an un-acceptable manner. We also undertake to rectify any changes or alterations made to the earth/environment, as a result of our activities, as far as is reasonably possible and in a sustainable manner.

We will comply with all applicable standards, regulations and legislation.

We will educate all new comers to the sport.

We will co-operate with all local, regional and national authorities in achieving our environmental goals.

We will respect the rights of land owners.

We will Tread Lightly on the Land
