

Annelize Ziehl-Owens

**President SCSA
2019 - Present**

**Chairperson Western
Cape Schools Cycling
2018 - Present**

I am passionate about establishing cycling as an official School Sport in Primary and High Schools nationally. It is crucial to open up this offering to many more learners who desperately need to participate in a sport to have a sense of belonging. Educational programmes, transformation and development as well as adding value as an Organisation is close to my heart and we will continue to negotiate with business partners to establish powerful collaborations as we at SCSA believe that we are truly stronger together!
